

Khidmah Inaugurates Full-Fledged Facilities Management Training Centre

Abu Dhabi, September 10th, 2019 – Khidmah, one of the leading Facilities Management (FM) and companies, launched a state-of-the-art Training Centre in Abu Dhabi, to elevate the range of skillsets and knowledge of its technical staff. The 'Khidmah Training Centre' is part and parcel of the company's efforts to deliver market-leading solutions, unique customer experiences and service delivery excellence to its clients across the region.

The Khidmah Training Centre will be led by certified trainers and has been divided into zones that replicate real-life work scenarios, with dedicated sections that focus on mechanical, electrical and plumbing services, cleaning, maintenance, hospitality, customer service skills and much more. The centre is also equipped with a lecture hall that will be used to deliver various training courses and certifications to Khidmah staff including The British Institute of Cleaning Science (BICS) certification. Khidmah currently has over 3000 technical staff working in the UAE alone.

Sara Momtaz, Khidmah's Executive Director, said, "Our people have always been our greatest asset, and as such, are the driving force behind Khidmah's success. It made perfect sense for us to establish our very own FM training centre to support our staff's technical skills development and career progression journey. The Khidmah Training Centre will help us ensure our employees remain at the forefront of the industry and have the right expertise and professional certifications to help us pioneer new benchmarks in Integrated Facilities Management Solutions across the world."

“These are very exciting times for the company and the industry. Khidmah’s recent strategy alignment coupled with numerous enhancements will enable us to grow exponentially and deliver second to none integrated FM services to clients of all sizes in the UAE and the region.”

Khidmah provides an integrated facilities management offering that deploys cost-effective innovative solutions to improve the quality of services, drive cost efficiencies and minimize the environmental footprint of its clients. The company has a successful track record of handling the FM for some of the most prestigious projects, developments and sectors in the UAE and the region.
